

**How To Make The  
How To Raise A Happy Genius Paper Aeroplane**

**TOP**

1. Print out page one of this template.
2. Print out page two on the reverse side, making sure that the word TOP is printed along the same edge on each side.
3. All folds are folded upwards along the coloured lines.
4. Start by laying the paper down with this side pointing upwards and then fold it in half along Fold 1.
5. Open the paper again, and then fold the paper along Fold 2 so that the edge marked Top lies along the line marked Fold 1.
6. Do the same for Fold 3,

**Fold 3**

**Fold 2**

**Fold 1**

**Fold 5**

**Fold 4**

**TOP**

**Fold 4**

**TOP**

**Fold 5**

7. Now fold the paper along Folds 4 and 5, and then fold the paper in half along the line marked Fold 1 again.

**Fold 6**

8. Next, fold the first wings downwards along Fold 6, then turn it over and fold the second wing down along Fold 7.

**Fold 7**

9. Hold your plane along the bottom edge and throw.

10. Repeat step 9 until your arm falls off!
